6	Marking and instructions		
6.1	General information	-	-
	The following information <b>shall be marked on the nameplate</b> of the water-heater in English or Arabic and English	English	Р
	The marking shall not be on a detachable part of the unit and shall be indelible, durable and easily legible	Durable	Р
	Any information related to <b>energy performance</b> added on any part of the water heater unit or packaging shall not have any ambiguity or lead to misunderstanding of the performance of the unit	-	Р
6.2	Nameplate information	-	-
	The nameplate information <b>shall include</b> , for conformity to this standard the following information:	-	-
	Manufacturer's name and/or trademark	PINO	Р
	Country of origin	Saudi Arabia	Р
	Manufacturer's model or type reference and serial number of the unit	EWH-30V1	Р
	Rated voltage or rated voltage range in volts (V)	220-240V~	Р
	Rated frequency in hertz (Hz)	50/60Hz	Р
	Rated power input in Watt (W) or kiloWatts (kW)	1200W	Р
	Rated Capacity	30L	Р
	<ul> <li>Annual standby losses (kWh/year) or daily standby losses (kWh/24h), when applicable</li> </ul>	-	N/A
6.3	Instruction sheet	-	-
	An instruction sheet or manual in both Arabic and English shall be delivered with each water heater	Instruction manual provided	Р
	Tables, drawings and circuit diagrams may be depicted in English only	-	Р
	The instruction sheet or manual shall include the following information as a minimum:	-	-

Clause	Requirement -Test		Result - Remark	Verdict

Notes on results: The acceptance criterion is based on; A-Relevant standard specification ☐ B-Manufacturer's manual (product technical data sheet) ☐ C-Customer requirements . ☑						
The rule of acceptance is based on: The measured value fulfills the requirement according to the acceptance criterion, taking into account the uncertainty value in the measurement. The rule of rejection is based on: The measured value does not achieve the required according to the acceptance criterion, taking into account the uncertainty value in the measurement.						
☑ The sample passed all the above-mentioned tests in accordance with the requirements of the product						
☐ The sample passed all the tests mentioned above in accordance with the requirements for the product, except for the test where the measured value does not meet the requirements of the product mentioned in the attached standard specifications.						
The result is for the sample referred to in the report, which has been tested only and is only representative of itself.
